BRIEF ABSTRACT OF LETTER.

Forwards copy of a petition dated 23.10.09 from the widow of the late Compounder Govindarlal of Closepet dispensary, with copies of correspondence relating thereto and recommends the grant to the petitioner of a monthly maintenance allowance, as the Compounder ~~died~~ died of Cholera while in the execution of public duty under instructions of the Hospl Asst.

NOTES AND ORDERS.

The deceased Compounder is reported to have been employed by the Hospl Asst in charge of the Closepet L.J. dispensary, to apply mustard plaster, ~~and~~ to administer medicine and to attend to the ~~Cholera Cases~~ treatment of Cholera patients. While thus employed, the

Compounder took ill one day, went home and died the very same day of Cholera. On this circumstance the Hospl Asst reported to the D. M & S. officer, Bangalore Distt, that the Compounder must have caught the disease whilst in the execution of his public duties. It is a question whether the attendance of a Compounder on Cholera patients exposes him to the risk of cholera infection.

The points for consideration & orders of Govt in the present case is whether the circumstances in which the Compounder died warrants the grant of an Extraordinary pension to the family of the deceased Compounder.

The Senior Surgeon forwarded direct to Government the petition of the widow of compounder Giridarlal praying for a maintenance allowance. No formal application for extraordinary pension was submitted by the Senior Surgeon through the audit officer. The Senior Surgeon's recommendation was considered with reference to the marginally noted Govt orders sanctioning extraordinary pensions. The omission to take the opinion of the Audit Office was due to the fact that the report of the audit office was not insisted on in passing the two previous Government orders referred to. The necessity of a report by the Audit office regarding the claim was not suggested even by the Finl Br (vide Mr. M.N. Krishna Rao's note dy 4.1.10. on p 3 of the notes in med file 116-09) when the file was first referred to that Branch for opinion. It is also to be noted that either the audit office or the Finl Branch took no objection to the two Govt orders dated 27.9.07, wherein extraordinary pensions were sanctioned by Govt without report from the audit office. Sir,

I have the honor to forward the accompanying copy of petition, dated, 23-10-09, from the widow of late Compounder Giridarlal of the Closepet Dispensary, together with copies of correspondence thereon and to strongly recommend that the petitioner's case may be favorably consi-dered by the Government of H.H.the Maharaja of Mysore, by granting her a monthly maintenance allowance as prayed for; for reasons given, as it has been pronounced that the deceased compounder caught the disease and died while in the execution of his public duty under instructions from the Hospital Assistant after about 18 years service.

2. Such concessions have been shown by His Highness' Government to the families of men in the Police & other -- Departments who died of Plague, while so, it is to be noted that the petitioner's case is a most pitiable & hard one being a Rajaput Gosha woman deserving of help from the -- hands of Government.

SUBJECT.

Recommending the grant of a monthly maintenance allowed to the Widow of late Compounder Govindaiah of the Closepet Dispensary

Petition dated 23-10-09 from the widow of late Compounder Giry Dherlall of the Closepet Dispensary to the Senior Surgeon, Mysore Government, Bangalore.

I the undersigned Ganga Boy widow of the late Compounder Giry Dherlall of the Closepet Dispensary most humbly and respectfully beg to bring to your honor's kind notice of the sad calamity befallen on me lately and to pray that your honor will be gracious enough to render me help under the circumstances explained :-

I beg to inform that my husband as a Compounder has during the past eighteen years discharged his duties to the entire satisfaction of all the officers under whom he served, and that, without taking any leave, of any kind. The last eight years of his service he served as a compounder first grade drawing a monthly salary of Rs.15/-

It pains me very much to mention that my husband on the morning of the 6th instant as usual went to his duty and having been attacked of Cholera was brought home at about 9 A.M and died about 6 P.M of the same day (all within 9 hours) and thus left behind him myself and two young daughters to mourn for his loss.

In the recent heavy out break of Cholera in the Closepet Town wer where there were about 250 attacks and 120 deaths my husband had to attend to several patients either in assisting his immediate Medical Officer or carrying out his instructions. In doing so he caught the infection and succumbed to it.

I am Rajaput Gosha woman not able to go out to work for my bread and for the bread of my children no have I any other earning member. It has therefore become to me a matter of serious consideration as to how to eke out my livelihood and pass my remaining days.

I place therefore before your honor the circumstances under which my husband died and crave for mercy. My husband was only 36 years of age and it is no wonder that he met with an early grave in the interest of the pub-lic and in the discharge of his duties which fact must have been brought to your honors notice from the death report made by the Hospital Assistant in charge of Closepet Dispensary.

I pray therefore that your honor will be so gracious enough as to ameleorate my sufferings by providing me with an allowance to maintain myself and my poor children and thus protect the family of your humble servant who has sacrificed his life in the cause of the public.

For which act of kindness and charity I shall as in duty bound be ever praying for your honor's health -- wealth and prosperity.

He was also very willing to assist me in such things as he was very much attached to the people of the town. Several Cholera patients used to come away to the dispensary in primary stages where we attended to them and sent them home. While he was thus working in the dispensary he took ill, went home and did not return notwithstanding the prompt and careful tt treatment.

As such he must have caught the disease whilst in the execution of his public duties.
